

## Directions to ADTRAN (East Tower - South Entrance)

From 255 take Bradford Drive W toward Explorer Blvd. When you reach this light, be in the middle lane and turn left on Explorer. Once you have turned, be in the right lane and prepare to turn right into the next available ADTRAN entrance. This is about 2/10 of a mile. After making the turn, you will see a truck dock area (straight ahead) and a parking area (to the left).

Turn left at this point/intersection. This will place you in the rear parking lot. There is a wide brick paver walkway that leads to ADTRAN's East Tower south entrance. Once inside, go up the stairway right of the reception desk to the 2nd floor.
